

Ladies Ringing Afternoon

The next ladies ringing afternoon in October will be at:

St Peter, Farndon

6 Bell Tower

Tuesday, 16th October at 2:00

Ringers should be able to handle bells well. Anyone wanting to practice different methods is welcome to come along. Plain Bob Doubles, Minor, Grandsire and other methods like Cambridge are practiced. We will need advanced ringers to guide learners, and call methods.

It is a chance for women in the Guild to meet together and share their knowledge and experience of bell ringing. All districts are welcome, and we look forward to seeing you.
