

## Ladies Ringing Afternoon

The next ladies ringing afternoon in November will be at:

**St. Mary's, Edwinstowe**

**6 Bell Tower**

**Tuesday, 20th November at 2:00**

Ringers should be able to handle bells well. Anyone wanting to practice different methods is welcome to come along. A range of methods will be practiced. We will need advanced ringers to guide learners, and call methods.

We have had some good support where women in the Guild are meeting together and sharing their knowledge and experience of bell ringing. All districts are welcome, and we look forward to seeing you.
