

## Ladies Christmas Ringing Afternoon

The next ladies ringing afternoon in December will be held at:

**St.Swithin, Wellow**

**6 Bell Tower**

**Tuesday, 18th December at 2:00**

Ringers should be able to handle bells well. A range of different methods will be rung. We will need advanced ringers to guide learners.

All districts are welcome. In bad winter weather use your own discretion on travelling out, and please ring ahead to see if the venue is still open on the day.

A small Christmas fuddle of finger foods with tea and coffee will finish off the year. If you like, bring something along to share on the day.
